## ASSEMBLY INSTRUCTIONS

Note: Please be advised that no abrasive agents or materials can be used for cleaning this product, otherwise warranty will be void.

### COMPONENTS

- (A) Flat Washer
- (B) Plated metal tube
- (C)(D)(E) Nuts
- (F) Plastic Sleeve
- (G) Tapered Washer
- (H) Bottle Trap Body

1. Assemble nut ( C ) onto the plated metal tube ( B ) under the top flange with the wide end facing upwards to receive the waste assembly. Slide the nut ( D ) over the plated tube, with the wide end facing down.
2. Push the plastic sleeve ( F ) into the top of the bottle trap main body ( H ) ensuring the lip seats on the neck of the trap. Insert the metal tube into the centre of the plastic sleeve and lock the nut ( D ) into position
3. This trap is designed to connect to standard 1 1/4" metal waste pipe. slide the nut ( E ) and tapered washer ( G ) over the waste pipe as shown. Insert pipe into the trap outlet and tighten the nut.
4. When fitted onto a basin waste outlet the washer ( A ) must be placed inside the nut ( C ) to form a seal between the trap and waste.

### **Aftercare:**

The end user is required to regularly maintain and clean product using warm soapy water and a soft cloth for the product warranty to be valid. Surfaces should be maintained using a clean damp cloth, NO corrosive and abrasive agents or materials should be used or come into contact with the surface finish, as this will invalidate your product warranty.
